

Sept 25, 2020

Dear Cruise Guest:

The Australia government continues extension with the closing of their borders to enter the country thru 12-31-2020. The attachment contains a Celebrity letter dated 9/15/2020 regarding the situation and their position with **2020** Australia Cruises. This letter applies only to guest booked sailing Australia in 2020. The dates **do not** apply to our 2021 Cruises, however if Australia borders do not open up for our March sailing, we assume this same information with different option dates will apply to our Cruise. Once we receive Celebrities information and details applicable to our 2021 Cruise we send them to you.

Our suggestion, is to take no action with your booking until we can advise what the situation will be in 2021 for their sailings, to share with you. At this time we do not know. There will be no charges applied to your credit card. In event a cruise is cancelled by Celebrity, only current booked guest receive opportunity for their FCC options: a Future Cruise Certificate and On Board credit of 125%, offering substantial cruise savings. Guest who prefer to cancel their cruise receive 100% of the Celebrity payments to their credit card.

Once we receive their information, knowing more about the situation, options and conditions applicable to our Cruise you will receive them, in sufficient time to determine what you prefer to do, without any additional payments, fees or charges prior to advising us of your final decision.

Best Regards, Marco Men's Club  
Bob
