Dear Japan Cruise Guest:

Sorry, Celebrity feels it's necessary to cancel this cruise.

I am of the impression cancellation may be due to the political atmosphere in Asia, not Covid 19.

In view of this cancellation, Celebrity worked with us today in obtaining sufficient group space and rates, regarding a very nice new itinerary, other than Asia, sailing aboard their newest ship "The Beyond" during the middle of 2023. The cruise itinerary, details with forms for reservation request will be available with the MMC cruise flyer, no later than May 3rd.

Many of you may have previous future cruise certificates with expiration dates prior to 2023. In such case Celebrity is working with us to extend expirations dates where FCC certificate values may apply to this new cruise.

The Celebrity options available for cancellation noted below. Our suggestion is to hold off exercising an option until we in a position to finalize the new cruise information for review.

Please contact us if you have questions are need assistance.

Best Regards, MMC Bob
