

Update Sept 5 2019

We continue to meet Hurricane or not at CJs. They were closed for cleaning. We slid over to Mango's and did our thing. Look and smell for smoke. There are always a few guys, at minimum. Yesterday there were ten or so.

Update June 18 2019

CJ's On the Bay will be the venue for our weekly social and Cigar get together. I am mixing it up with an existing group of about 6 guys that already meet there on Tuesdays to do cigars. They are softball group. We have CJ's trained, they expect us weekly already. We are there rain, hot, cold whatever. Even when the Tiki bar is close because of bad weather, or cleaning, they come out and serve us. So starting June 25 4PM to 6, and every Tuesday after that, there are guys enjoying a cigar and booze at CJ's. You are welcome to join us.

Date Line June 1

Someone told me the Marco Men's Club is a bunch of old men sitting around smoking big cigars and drinking good Scotch.

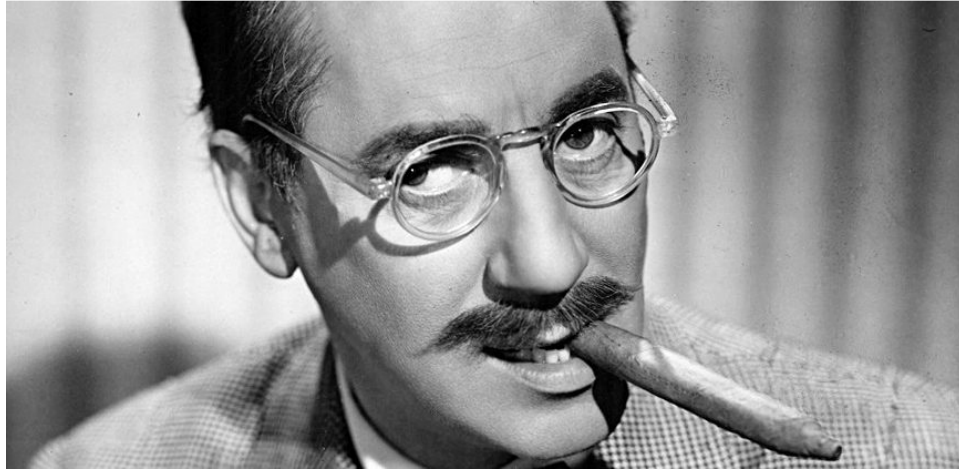

Well, we are not! But, I want to reinforce that perception!

Warren Uhl announces the founding of the Marco Men's Club "Cigar and social group". We will meet weekly. Our stated goal will be to smoke a cigar and enjoy an adult beverage of choice. In other words be a consumer and help the economy. We will solve world problems one puff at a time. Wives are invited, but hopefully of their choice, to a separate table. Cigar smoking wives can have a seat at our table. I know a number of guys that gave it up, but still love the smell. You can get your fix at the table, cigars are optional. Run your own tab.

The only requirement is to wear your name tag.

We will meet at 4PM Tuesday with a goal to break up at 5:30 so you can be home by 6, or stay and do dinner. Location and first gathering date to be announced. I plan to use island locations.

I'm looking to build a list of interested members so I can communicate with a smaller group. Get some input and suggestions. Please contact me at 727 247 5167 if you want to be on the smaller mailing list. And find out when and where we start.

GROUCHO: "I love my cigar, too, but I take it out of my mouth once in a while."
Who remembers the context of the comment? Yes, it was on "You Bet Your Life"
